PROFESSIONAL SUMMARY

Results-driven MERN Stack Developer with extensive experience in designing, developing, and deploying full-stack web applications. Proficient in MongoDB, Express.js, React.js, and Node.js, with a strong understanding of front-end and back-end development processes. Adept at building scalable, high-performance web applications and optimizing them for speed and user experience. A collaborative team player with excellent problem-solving skills, always eager to learn new technologies and improve existing skills to deliver top-notch solution

WORK EXPERIENCE   **Novemeber 2023-April 2024**

Mern Stack Developer (Equinox Devs)

Lahore, Pakistan

Developed and deployed full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Enhanced front-end user experience with dynamic, responsive interfaces and optimized back-end performance through efficient database management and RESTful API integration. Collaborated with cross-functional teams to deliver high-quality projects on time, adhering to Agile methodologies.

Mern Stack Developer Intern (Invozone)   **June2023 - October 2023**

Lahore, Pakistan

Assisted in the development of web applications by writing clean, efficient code in a collaborative environment. Gained hands-on experience with the MERN stack, contributing to both front-end and back-end tasks. Participated in code reviews and team meetings, learning best practices in software development and Agile workflow

SKILLS

- **Front-End Development**: React.js, HTML5, CSS3, JavaScript (ES6+), Responsive Design
- **Back-End Development**: Node.js, Express.js, RESTful APIs
- **Database Management**: MongoDB, Mongoose
- **Version Control**: Git, GitHub
- **Problem-Solving**: Debugging, Optimization, Code Refactoring
- **Soft Skills**: Team Collaboration, Communication, Time Management, Adaptability
